

Swedish Masters 2007 – March 23-25

Dear Slotracer,

First we would like to wish you the best of 2007, a new year with exciting challenges.

We hope that one of these challenges will be the Swedish Masters held in the end of March every year in Hjärup, Sweden. In 2007 it will be the 23-25 of March.

Preparing for the race in 2007 we have extended the pit areas so that more racers are able to get a good spot. The maximum number of entrants for 2007 is 48.

We race two classes, Open 12 on Saturday and Eurosport 24 on Sunday. The format is qualifying, semi-finals (8x4 min), main (8x5 min)

Trophies are given to all finalists, top qualifiers, and concourse winners – Cash paid to top three in each class.

We proudly present Andy Wasserman as our race controller.

More information on our website – www.hjarup-slotracing.se (check under English and Races for the invitation).

From January 10th the list of entrants will be updated on the website.

Finally, feel very welcome to visit us in Hjärup and enjoy a good race

Lars and Bev
